

Summary of Contact

On Saturday night, September 29, 2012, Chairman David Wright received a telephone contact from Ms. Doris Fletcher. Initially, Ms. Fletcher asked him why a meeting had been held the Friday before on the SCE&G case without telling the public. Chairman Wright informed her that no such meeting had taken place, and that both the merits and night hearing were going to take place on Tuesday, October 2, 2012. Ms. Fletcher then asked questions and attempted to discuss various issues related to her situation, and SCE&G, ORS and their cases, during which Chairman Wright repeatedly attempted to interrupt her and suggest that she call Dukes Scott and the Office of Regulatory Staff with her concerns. Chairman Wright encouraged Ms. Fletcher to come to the Tuesday evening public hearing and make her views known. Although Ms. Fletcher seemed to have difficulty understanding why she had to call ORS and Mr. Scott, she said she would make that call. Ms. Fletcher then hung up.
